

SOLICITOR P. B. SMYTHE

Gives History of the Water Works Controversy

DEFENDING ACTION OF OFFICIALS

In an Extended but Interesting Statement the City Solicitor Tells Why Those Bonds Were Sold at Private Sale.

(By City Solicitor Smythe.)

Ten years ago the city attempted to purchase the Newark Water Works company's plant under the provisions of its franchise and was blocked by the company making an assignment and going into the hands of a receiver. Nothing further in the water works matter was done until four years ago when the city commenced proceedings looking to the establishment of a municipal plant. The necessity for this was apparent to everybody. The old plant was built for a country town; the town had grown to be a bustling city, but the water plant had not kept pace with it. The service was poor and inadequate; the prices charged for water were extremely high—25 cents per 1000 gallons—when the prevailing prices in Ohio towns and cities were from 6 to 10 cents. These facts were known to the people of Newark, and resulted in an almost unanimous vote in favor of issuing and selling bonds for the erection of a new city plant.

There has been no proposition before the Council, nor the people of the city, for the purchase of the plant of the Newark Water company. The only proposition legitimately before Council is the erection of a new plant to be owned and operated by the city.

In all this delay and hesitation, for eight months, while the water company has been playing with the Council, Council has been deliberately ignoring the expressed will of the people, has been getting away from the thing the people ordered done—the building of a new city plant.

But, the old Water company got busy, and attempted in every way to interfere with the city in the establishment of this municipal plant. It made no effort to sell its plant until 6 months ago when the city commenced proceedings to sell its bonds. But still the Water company would not fix a price at which their plant could be purchased, and every attempt on the part of Council to get a price was evaded by the representatives of the Newark Water company.

Numerous efforts were made to induce the water company to say what its plant was worth. Numerous resolutions were introduced to compel the company to fix a price; but they all met the same fate, defeat. Mr. Veach and his supporters in Council, were always able to sidestep and confuse the issue.

The reason for this is plain: The Water company does not propose, and never has proposed, to sell its plant to the city, except as a last resort. What it desires, and what all this fight means is that they propose, if possible, to force the city into making a new contract with them for fire protection. The reason for this is plain in the light of some facts which were furnished Council some months past by Mr. Chapin, a water works engineer, then in the employ of the Water Works company, but who previous to this had been in the employ of the city.

Mr. Chapin presented some figures to the Council. By these figures, it is seen that the present Water company is making a profit of 80 per cent per annum on its investment. Here are the figures: The income of the Water company is \$23,000 per year. The cost of operation and maintenance is \$12,000 per year. The interest on their bonds secured by mortgage is paid by the five plug rental, which is \$15,000 per year. This leaves \$8,000 per year profit. The present Newark Water company paid \$12,000 for the plant, subject to the mortgage spoken of; so it makes \$8,000 a year on its investment of \$10,000, or 80 per cent. This beats any "get-rich-quick" scheme ever devised, and it is no wonder that the company is making a hard fight to continue its graft, and will evade every effort made to purchase its plant, and block every effort on the part of the city to build a new plant, if within its power to do so.

drew nearer, the Water company avowed to the fact that something would have to be done, and then came a proposition to have a price for the plant fixed, as is provided for in its franchise, by the appointment of an engineer by the city, one by the Water company, these two to select the third. This plan found some supporters in Council, but was discouraged by the majority of Council, and all the City officers because of the fact that had the city operated under this franchise agreement and appointed its engineer, and a price had been fixed by the board of engineers, the city would have surrendered every chance of ever building a new plant. Having once operated under the franchise agreement, the city would have been legally bound by it, and would have been compelled to purchase the old plant at any figure that these engineers saw fit to fix. This clever scheme to tie the hands of the city, to the profit of the Water company, was brought to the attention of Council. Yet notwithstanding, an ordinance was introduced to appropriate money for the purpose of employing such engineer. It was explained to the champions of the old Water company in Council that there was no money in the treasury available for that purpose. Then came the most astounding proposition of all. That the city go ahead and appoint its engineer and the Water company would pay him. THINK OF IT! The city relying on a man in the pay of the Water company, to act for it in fixing a purchase price. Yet this proposition was seriously made by certain members of Council.

Then came an ordinance to repeal the ordinance authorizing the sale of bonds. An effort to undo all that had been done towards the establishment of a municipal water works. This ordinance, however, failed to pass in time to prevent the sale of the bonds as advertised, and then the time-honored, and much abused, scheme of injunction was brought into service, and a "tax payer" made demand upon the solicitor to enjoin the sale of bonds.

The attempt on the part of the water company to convince the public that they were not the instigators of this suit is absurd. Who else was interested in preventing the sale of these bonds or in preventing the city from establishing its own water plant? Surely no citizen with one spark of home pride, or with a single idea to the interest of the city. And again, if this particular "tax payer" were operating on his own motion exclusively, of course it would be natural that he would go to the particular law firm that he did go to, in face of the fact that only a few weeks ago he and the senior member of that firm were abusing each other on the streets of the city, and were almost ready to spring at each other's throats over a certain public improvement in which both were interested.

It is too thin and absurd to say that the water company was not interested in that suit. But we have the direct evidence that this suit was instituted by the water company. Before the suit was commenced, Mr. Veach in person, went to one of Newark's most prominent men, whose name will be given if it is disputed, and requested that he permit the use of his name in this suit. The gentlemen refused and gave as his reason for refusing that he did not believe that the water company was acting squarely in the matter, because it waited before commencing the suit until it was impossible to try the same before the date of sale, and, as he believed, the effort was not one to try the legality of the question involved, but simply to tie up the city and prevent the sale of bonds on the 15th of this month. Then it was that the particular "tax-payer" was brought into service.

It was apparent to the city officials that it was the desire of the water company that the solicitor refuse to bring the suit, so that its "tax payer" could do so. Then the water company would be in a position to prolong the injunction proceedings by appeal and error, a time sufficiently long to make

ANTI WAR RIOT

Started by Women Who Assembled to Demand Relief—The Cossacks Were Called.

St. Petersburg, Dec. 22.—An anti-war riot was started today by women of Donabrowa, Poland. The wives of the reservists who had been mobilized gathered at the town hall and demanded relief from their destitute condition. The police tried to disperse the gathering but the women charged with sticks and stones, stormed the town hall and captured the mayor. Cossacks were summoned and they drove the women off with knouts.

NEW INJUNCTION

Issued In Water Works Suit Thursday Noon

THE CLEVELAND TRUST CO.

Restrained From Disposing of Water Works Bonds—The Payment of Drafts.

Charles Vadakin, a tax payer, on behalf of the city of Newark, by his attorneys, Flory & Flory and Jones & Jones, on Thursday filed an amended petition for an injunction in the office of County Clerk J. W. Hursey, and Probate Judge Irwin, in the absence of a Common Pleas Judge, granted the injunction prayed for in said amended petition, which alleges that since filing the original petition plaintiff has learned that Seasgood & Mayer of Cincinnati, and Denison, Pryor & Co. of Cleveland, the supposed purchasers of the \$500,000 bond issue had deposited said bonds with the Cleveland Trust company, which in turn had issued drafts for the amount. The petitioner claims that on account of irregularity in the form of the bonds the Trust company now refuses to honor the drafts and furnish the money until new bonds are issued. He also claims that he has knowledge that A. J. Crilly, mayor, and Frank T. Maurath, auditor, of said city are preparing to issue new bonds in lieu of the ones in question, and the injunction granted on the petition restrains them from affixing the corporate seal of said city upon any other issue. The Board of Public Service, John P. Lamb, Sidney Livingston and James Wiley, are also enjoined from pledging the faith of the city to pay for any work done on a contract, having in view the money supposed to have been received from the purported sale of bonds.

The Board of Sinking Fund Trustees and Frank T. Maurath, its clerk, are also enjoined. The board consists of W. L. Proant, Frank Schimpf, John A. Chilcote, and W. H. Davis. The Cleveland Trust company is restrained by Judge Irvine's order from disposing of any or all of the bonds now in their possession.

Solicitor Smythe characterized the injunction of Wednesday as amounting to nothing, but added that somebody would have damages to pay as the result of the litigation.

Mr. Smythe was asked about Thursday's injunction late Thursday afternoon but he had not had time to read the papers and did not want to express an opinion.

It is known that the auditor and solicitor did not bring the currency from Cleveland last Monday but brought drafts on a number of banks amounting to \$215,000.

STORM WARNING

Issued by Mr. Lawson at Breton Thursday Morning—He Sees Clouds Gathering.

Boston, Dec. 22.—Thomas W. Lawson issued a storm warning this morning. It follows: "Don't be caught in the middle of the street in the next few days. Keep as near the building as possible so that at the slightest warning you can get under cover. I think I see clouds gathering—gathering rapidly. They may mean only a shower—or a blow—or perhaps a cyclone."

WADE PARK BANK

Taken Over by Cleveland Trust Company

RECEIVER HUNT'S VALUABLES

Another Chadwick Satchel with Valuables Said to Have Been Found Missing.

Cleveland, O., Dec. 22.—The mysterious portmanteau belonging to Mrs. C. L. Chadwick and supposed to contain valuable papers and securities, which was taken from the Chadwick home the night prior to the woman's last departure to New York, has been traced to the woman's attorney, Jay P. Dawley. He admits he has the contents and says they are of no value to any court. Witnesses in the bankruptcy hearing before Referee Remington yesterday told of the disappearance of the portmanteau from the Chadwick home. It was said to be in the possession of Daniel L. Pine, connected with a big machinery plant here. Pine, when summoned before the referee, said he had "always supposed" he was a brother-in-law of Mrs. Chadwick and "had always presumed" his wife was Mrs. Chadwick's sister. He told of a night visit to the Chadwick home to get the portmanteau at the summons of Mrs. Chadwick, how he had placed it in a safety deposit box at her direction and later delivered it to Emil Hoover, the woman's son, and Attorney Sheldon Kerrush. Hoover gave it to her attorney, Dawley.

Cleveland, Dec. 22.—The Wade Park bank, of which Iri Reynolds is secretary and treasurer, together with two branches, was taken over by the Cleveland Trust company, which will conduct the business of the three institutions. The Cleveland Trust company has within the last few days taken over the business of five banks located in this city and its suburbs.

Another satchel, thought by Receiver Nathan Looser to contain valuables belonging to Mrs. Chadwick, has been found to be missing. This developed in a short examination of Mrs. Mary

Londonville, Mrs. Chadwick's former housekeeper, held before Referee in Bankruptcy Remington. The discovery is in addition to the missing trunk and grip that disappeared from the Holland house in New York the day before Mrs. Chadwick was arrested.

SEVEN KILLED

And Seventeen Badly Hurt in a Coal Mine.

DENSE VOLUMES OF SMOKE

Sucked Into Mine and the Men Were Suffocated at Bolivar Mine.

Johnstown, Pa., Dec. 22.—(Bulletin)—Twenty-five men were reported killed in a mine at Bolivar, 16 miles west of Johnstown. Seven bodies have already been taken out. The majority are Americans.

Late reports say that seven were killed outright and 17 badly injured. This morning a shed at the mine of the Reese Hammond Mining company caught fire. The burning shed was close to the mine pit and the great air fan that sucks fresh air into the mine also sucked great volumes of dense smoke into the mine. The victims were suffocated.

POISON LABEL

Found Near Spot Where Girl Was Murdered—It May be an Important Clue.

Colorado Springs, Dec. 22.—Detective Melteyolds today found one bottle labelled poison near the spot where the unidentified body of the girl who was murdered on Mount Cutler was discovered. The label, though partly destroyed is believed to be sufficient to lead the detectives to the druggist who sold the poison and may eventually lead to the capture of the murderer. A linen handkerchief of ordinary size bearing the mark "Die" was also found.

GEN. KUROPATKIN

AN ATTACK ON BALTIC FLEET

Seems Probable as Ships are Concentrating to Intercept the Russian Squadron.

St. Petersburg, Dec. 22.—(Bulletin)—General Kuropatkin today wired he has received a report from Chinese sources that the Russians have recaptured 203 Metre Hill, outside Port Arthur, and have seized the guns mounted by the Japanese in the fort.

Singapore, Dec. 22.—(Bulletin)—Two Japanese battleships, four cruisers and twelve destroyers have passed here, steaming westward. It looks as if a concentrated attack on the ships of the Baltic fleet has been planned.

Singapore, Dec. 22.—(Bulletin)—Two Japanese warships, apparently converted cruisers, have been seen off here. It is possible the two vessels are the forerunners of other Japanese warships expected to congregate in the neighborhood of Singapore to intercept the Russian Baltic fleet.

MR. APPELYARD

Dominated the Bank It is Said—Over \$600,000 Loaned to Ohio Trolley Lines.

Buffalo, N. Y., Dec. 22.—The directors of the German bank passed a resolution concurring with the depositors' committee in recommending A. J. Wheeler, president of the Western Savings bank, for receiver of the defunct German bank.

In a statement made public Superintendent Kilburn of the state banking department says in part: "One E. A. Appleyard, residing in Brookline, Mass., seemed to dominate the situation so far as the control of the bank was concerned."

"Before closing the bank it came to my knowledge that Mr. Appleyard had procured from the bank large loans for himself and on account of trolley roads in Ohio, in which he was largely interested and of which he was the controlling spirit."

The statement then enumerates the Appleyard paper, which makes a total of \$644,869.

Referring to this paper, Superintendent Kilburn says: "The payment of these obligations I regard as extremely doubtful."

A Hazardous Voyage.

Mobile, Ala., Dec. 22.—Today a most hazardous voyage across the Gulf of Mexico was commenced when the gasoline launch Elisama left Mobile for Spanish Honduras. The Elisama arrived at Mobile last Friday from Detroit, Mich. She came down the Mississippi river to New Orleans thence through Lake Borgne and Mississippi sound to Mobile, being 26 days on the trip. A month will be required to make the trip across the gulf, a distance of 1800 miles.

Bliss Denies Lawson Story. New York, Dec. 22.—Cornelius N. Bliss, treasurer of the Republican national committee during the past campaign, said today regarding Thomas W. Lawson's \$5,000,000 campaign loan story that as some persons mentioned are dead he has no desire to have an argument. He claims that the Lawson statement is absolutely false.

NAN PATTERSON'S FATE

Placed In the Hands of the Jury at 12:05 Thursday Afternoon

AFTER COURT'S EXHAUSTIVE CHARGE

The Defendant in the Celebrated New York Murder Trial Expressed Confidence in Her Acquittal—She Calmly Awaits the Verdict.

New York, Dec. 22—4 p. m.—The Patterson jury, which retired at 12:05 this afternoon, has not yet reported.

New York, Dec. 22.—The Patterson murder case went to the jury this afternoon at 12:05 o'clock.

The final hours of the trial of Nan Patterson before the bar of justice, charged with the killing of Caesar Young, find the young actress, who will know her fate before night fall, cool and composed, awaiting the verdict of her jurors with perfect confidence in her acquittal. Though the strain of the proceedings has been intense, the young woman, now barely past her girlhood, has stood the ordeal well and today as she heard the judge's charge, she displayed not the slightest sign of emotion at the passing events which meant life or death to her.

"I have passed through so much," she said plaintively, "that this day is no more to me than the others. Black as I have been painted I cannot believe that the jury will condemn me. I feel that they will give me my freedom."

Line after line of police guarded the entrance to the court room to keep away the crowds of people who filled the corridors. They came from all directions and charged the doorman in a vain endeavor to gain admission. Failing in this, not a few sought the upper galleries in the big corridor and watched with peculiar curiosity the arrival of lawyers and those fortunate enough to get in. What more they could see no one knows but they remained there long after the court room doors were locked and the judge began his charge. Scores reined in the corridors and gazed wistfully at the closed doors. Sir Charles Wyndham, the English actor, was an interested spectator at the proceedings.

Justice Davis began his charge to the jury shortly before 11 o'clock today. Before beginning he asked counsel if they had any requests to make and Lawyer Ungar, for the defense submitted a long typewritten document. Justice Davis said: "Gentlemen of the Jury. The testimony in this case is all in, you have listened to the addresses of the counsel and it now remains for me to tell you the rules of law for your guidance in this case."

"It may be that some of you have obtained, during this trial some inkling of the court's opinion on this case and you must dismiss this from your mind. The people have a right to expect your conscientious deliberation and verdict in this case. Now when it may appear that a defendant has wilfully violated the law of the state, as charged, you should have no hesitation in pronouncing a verdict accordingly." Justice Davis gave a lengthy exposition on the question of reasonable doubt.

The question of motive was explained at length by the court. "The judge told the jury if it found for murder in the first degree it would be necessary to show premeditation and design. The jury went out at 12:05 o'clock this afternoon."

PATTERSON CASE

Did Not go to Jury Wednesday Night. The Judge's Charge Postponed Till Thursday.

New York, Dec. 22.—The Nan Patterson murder case did not go to the jury last night as expected. The court allowed the jury to retire and postponed his charge until today.

In closing his address the actress' lawyer Mr. Levy, said after quoting from the Bible "He that is without sin among you, let him cast the first stone."

"Will you say to her who sits before you here, in the words of him who spoke at that time, 'Woman, go and sin no more?'"

home before you and with the joy of the Christmas festival in anticipation are you going to condemn this young woman?"

"Do not send her to her doom now when the entire world is rejoicing. She sits abandoned by all except that old man, her aged father. I leave her in your hands, confident that you will acquit her and restore her to her devoted old father at a time when everything proclaims 'Peace on earth, good will to men.' I ask you to allow her to take him home to the aged wife and mother who awaits them and give her a chance to live a new life with them in her home."

Mr. Rand's argument was a severe arraignment of Miss Patterson, and when the prosecutor pitilessly condemned the woman as the murderer of the bookmaker, Caesar Young, she quailed under his invective.

"Across, stony hearted, cruel-mouthed avenger that she is, the story she told, the manner of her telling it, ought not to be convincing to a child."

"Every action proclaims her guilt. I have never seen a real murderer who has not been distinguished by coolness, calmness and unflinching demeanor and conceal. Never yet has there been a murderer who was not anxious to testify, believing that his story could prove convincing to the jury," thundered the prosecutor.

In detail he held her character to the jury and asked if a woman, like her was able to have any love other than that of the "beast."

"The beast in the woman called to the man and the beast in the man answered," he said. Miss Patterson's counsel were not spared by Mr. Rand, who, after saying that the defendant's testimony had been typewritten and learned by heart, added:

"There are those among her defenders who are capable of preparing testimony which they know to be false. I name no names, and I stand ready to prove what I say if there is any question raised on that statement."

J. Morgan Smith and wife were denounced by the lawyer.

Most impressive was Mr. Rand's attempt to show the jury that Young could not have shot himself. The skeleton, which had already appeared during the trial, was brought forward and the attorney went over the details of the entrance of the bullet and the direction it took after entering Young's body.

During this recital Miss Patterson covered her face with her gloved hands. Mr. Rand used the revolver with which Young was killed to prove that in no position could it have been held by Young to inflict the wound that caused his death. Facing the jury, with the pistol in his outstretched hand, the prosecutor exclaimed: "Gentlemen I will give you this revolver to take into the jury room, and if any man among you can hold it as the defense's theory of suicide would require you to hold it in order to inflict this wound and then pull the trigger, I will consent to your setting the defendant free on the spot."

The remainder of speech was given over to controverting the testimony of the defense.

After Mr. Rand's speech, Mr. Levy said:

"That was the most wonderful advocacy of any cause, the most masterful speech that I have ever heard in a criminal case in an experience in the courts of 24 years."

"In spite of that, I am confident that Miss Patterson will be acquitted."

MARK TWAIN HAS SOLD HIS TARRYTOWN PLACE

New York, Dec. 22.—Samuel L. Clemens (Mark Twain) and E. B. Cobb sold yesterday to Charles A. Gardiner, a lawyer, an estate of 40 acres in Tarrytown, for \$120,000. The grounds are laid out as a park. They are heavily wooded. Mr. Gardiner has been a tenant on the place for two years. Mr. Clemens bought half the tract two years ago, but owing to illness has never lived on it.

## BROWN MEN PREPARE ATTACK

On the Besieged Garrison on a Big Scale—Troops will be Rushed From Japan.

London, Dec. 22.—(Bulletin)—The Tokio correspondent of the Reuter Telegram company wires today that the Japanese have captured some important positions on Pigeon Bay to the west of Port Arthur.

London, Dec. 22.—The Daily Telegraph's Chefoo correspondent says that the steamer Lady Mitchell, which sailed from Tsing Tao with supplies, ammunition and dynamite, reached Port Arthur during a snowstorm four nights ago. He also says it is reported that the Japanese were compelled to evacuate their position on Etse mountain, owing to a flanking fire from other forts and the explosion of Russian mines, from which they lost heavily. The Japanese, the correspondent adds, are employing thousands of coolies in making strong forts at Dalny and around Port Arthur. They express a determination to capture Port Arthur before the Chinese New Year. An attack is now preparing that will be on a hitherto unequalled scale, and it will mean either success or terrible disaster to the besiegers. The correspondent concludes by saying that it is stated that General Nogai has asked for 60,000 reinforcements from Japan.

A St. Petersburg dispatch says: The czar is holding councils daily, at which it is understood the internal situation in Russia is being thoroughly discussed. Among those who are attending the councils are Grand Duke Michael, the brother of the emperor, ministers and members of the council of the empire, including Prince Sviatopolk-Mirsky, minister of the interior; M. Witte, president of the ministerial council, and others. Prince Sviatopolk-Mirsky laid before the council the addresses and resolutions adopted by the congress of zemstvos, which was held here last month. Prince Sviatopolk-Mirsky, M. Witte and Count Solsky favored a policy of concession, but the others opposed such a policy on ground that the demands of the zemstvos were subversive of the essential principles of the autocracy. In the opinion of the council it is not the time to entertain proposals looking to a change in the existing form of government while war is in progress and it was decided to discourage political agitation. Measures will be drawn up relative to the distress consequent upon mobilization.

## ROASTS THE BRITISH

Russian Captain Makes Statements That Create a Stir in Diplomatic Circles.

Paris, Dec. 22.—Captain Clado, who was detached from Vice Admiral Rodjestvensky's squadron to testify before the international commission, made statements during his journey to Paris that are exciting considerable stir in official and diplomatic circles. Some of Clado's statements were strongly antagonistic to Great Britain, he declaring that British agitation over the North sea incident was a plan to delay the Russian Pacific squadron from relieving Port Arthur. He also asserted that another campaign, having for its object the passage of the Dardanelles by the Russian Black sea fleet, will be launched at an opportune time. In the meantime, he added, men and equipment from the Black sea fleet will be sent to aid the second Pacific squadron.

### Kerosene Aboard.

London, Dec. 22.—With reference to the seizure of the British steamer Nigretia by the Japanese it is stated that her cargo of kerosene was shipped at Shanghai under the written assurance of the Japanese consul to the British consul "that kerosene is not regarded by the Japanese government as contraband if shipped anywhere."

## JUDGE PARKER

The Guest of Honor at Dinner Given by Bench and Bar of New York.

New York, Dec. 22.—Alton Brooks Parker, former chief justice of the court of appeals and Democratic candidate for the presidency in the last campaign, was the guest of honor at a dinner at the Waldorf-Astoria. The dinner was given by the bench and bar of the city of New York, and Republicans and Democrats alike were present to honor the justice's return to the practice of law. Among the 450 who attended were many of the most prominent members of the legal profession in this city. Former Justice D. Cady Herrick was also a guest. The speakers included former Governor Frank S. Black, former Secretary of War Elihu Root, William S. Hornblower and Judge Parker.

## DESPERATE

Effort Made by Princess to See Children But Failed.

Berlin, Dec. 22.—Former Crown Princess Louise, the divorced wife of the King of Saxony, today made a desperate effort to see her children, but failed. She arrived at Dresden this morning and proceeded to the palace and demanded entrance. The guard refused her and a pathetic scene followed. She threw herself against the door and tried to break through the sentries. The police served notice of expulsion on her and she will be sent to the frontier this afternoon.

When the Princess attacked the palace a big crowd cheered her on and incited the guards. Princess Louise cried "I am the rightful queen. I have a right to enter my palace." The crowd shouted back: "There will be no peace until you return."

Many subsequent demonstrations in favor of Louise occurred afterwards.

## GOV. VAN SANT

A Candidate for Clapp's Seat in the United States Senate—He Makes a Speech.

St. Paul, Dec. 22.—Governor Van Sant addressed a large audience at Hastings, Minn., a small city about 18 miles from here, on "Freight Rates," and his speech is regarded here as his entry into the senatorial contest as a candidate for the seat in the United States senate now occupied by Senator Clapp of St. Paul. In his speech the governor said: "All men are interested in the question of freight rates. A freight rate is a tax on everything which enters into the life and commerce of the country. Unreasonable rates are charged and discriminations are common. These evils exist and should be remedied. This question will be settled and settled properly. To admit that we are helpless is to declare that constitutional government is a failure. I shall urge the legislature to memorialize congress in favor of granting increased power to the interstate commerce commission."

## TRAFFIC PARALYZED

For Hours by Fog in London—Some Scenes Pitiful, Others Were Funny.

London, Dec. 22.—The great world of London was for hours enveloped by a dense fog. Some of the scenes witnessed were pitiful, some were ridiculous and the whole was extremely weird. There were instances in which women became hysterical, and even the police lost their sense of direction and omnibus drivers became confused and drove onto the sidewalks, until finally all traffic was held up at the main crossings. On the streets leading thereto, long, shadowy lines of omnibuses, cabs and wagons loaded with Christmas packages stood motionless. The most brilliant lights only served to make the darkness visible. Torchboys were requisitioned and they did a rushing trade. The railroad trains were all delayed. Queen Alexandra, who intended to leave London for Sandringham, postponed her departure on account of the fog and the consequent difficulty of driving to the station from Buckingham palace.

### CROTON.

Mrs. Lucretia Hoover was called to Worthington the latter part of the week on account of the death of her little grandson.

Mrs. George Weyant is reported quite sick with grip.

Miss Evelyn Todd of Denison spent Sunday with Amy Young.

The students of the high school will play "Topsy Turvey" at the Town Hall Saturday evening.

The Ohio Fuel and Supply company has moved its gas office with all its fixtures to Croton. The Johnstown, Appleton and Croton business will all be cared for from the Croton office.

The tendency nowadays is for business to drift towards business centers.

Mr. and Mrs. Perry Ashbrook of Alexandria, visited G. W. Davidson and wife the first of the week.

The many friends here of Mrs. Minnie Bulford, nee Hoover, were sorry to learn of the death and burial of her 7-year-old son from diphtheria, at Worthington last week.

Harry Graves has moved his grocery stock into his new building on the east side of the public square.

Protracted meeting is still in progress at the Disciple church.

The township school board granted the township teachers pay for attending the County Institute, under protest.

## FRENCHMAN MADE PRESIDENT

Commissioners Then Adjourned Until January 9—Baltic Fleet Officers Arrive in France.

Paris, Dec. 22.—The international commission which is to investigate the firing of the Russian Baltic fleet on a number of British fishing ships, held its open session today. The meeting organized with the election of Admiral Fournier, the representative of France, as temporary president. Baron Shaun the Austrian, was chosen the fifth member. The meeting adjourned to January 9, when the inquiry will commence.

Baltic Fleet Officers Arrive. Bordeaux, France, Dec. 22.—Four officers of the Russian Baltic fleet, whom Admiral Rodjestvensky put ashore at Libreville, French Congo, that they might return to Paris to testify before the Hull commission, arrived this morning. They are Lieutenants Vesselage and Vatroud and Ensigns Selitrenikoff and Varzard. Lieut. Vatroud had with him a detailed report of Rodjestvensky and other important papers. Vatroud positively states he saw torpedo boats among the Hull fishing boats.

BIRTHDAY

Anniversary of the Rev. L. S. Boyce.  
The Pastor Surprised at His  
Residence.Wednesday, December 21, was the  
anniversary of the birth of Rev. L. S.  
Boyce, pastor of the First Presbyter-  
ian church, and this fact becoming  
known the young people of the Chris-  
tian Endeavor Society determined that  
it should not pass unnoticed. Wednes-  
day night when Mr. Boyce returned to  
his home after prayer meeting he dis-  
covered a goodly number of the mem-  
bers of the Endeavor Society in pos-  
session of the house, awaiting his com-  
ing. After Mr. Boyce had recovered  
from his surprise Mr. H. H. Leist on  
behalf of the members of the Christian  
Endeavor Society, in a few appropriate  
words, presented Mr. Boyce with a  
handsome study chair, and a set of sil-  
ver spoons for Mrs. Boyce. A social  
time was then participated in for half  
an hour, after which all took their de-  
parture, wishing Mr. Boyce many re-  
turns of his birthday anniversary.

## NEWS IN BRIEF

You'd Better "Urny."

The Christmas inducements at the  
Jones-Evans Co.'s store are rapidly  
passing by. 15dtf

Sixteen Pound Turkey.

Mr. Richard Markham Thursday re-  
ceived a fine Christmas turkey from  
his brother-in-law, Harry Nelson of  
Wolcott, White county, Ind. The tur-  
key weighed 16 pounds.

Joseph Renz' Office.

Mr. Joseph Renz has opened up a  
handsome new office at 7 1/2 West

Their Busy Week.

The business of the Adams and U. S.  
express companies has taken on its an-  
nual Christmas proportions. Each com-  
pany has found it necessary to employ  
extra help. The agents of the different  
companies state that the business this  
year will be greater than for many  
years.

Two Dogs Killed.

A large and handsome dog was run  
over by the electric cars in the East  
End this morning, and one of the po-  
licemen killed the dog and put it out  
of misery. Officer Robert Zergiebel  
shot a crippled dog this morning in the  
alley near the Peoples Bank. This  
makes the fourth dog that has been  
killed this week.

Interesting Masonic Meeting.

Acme Lodge, F. & A. M. of this city,  
is holding a very interesting and pro-  
fitable meeting this afternoon, which  
will continue tonight. The meeting began  
at 3 o'clock Thursday afternoon and  
was largely attended by members of  
Acme and Newark lodges for visiting  
brethren. The degree of Worshipful  
Master was conferred on a number of  
candidates to be followed by a supper  
at 6 o'clock and a banquet at the close  
of the entire work tonight. On inter-  
esting feature of the meeting will be  
the presentation of Past Master jewels  
on a number of Past Masters of Acme  
Lodge.

Some time ago mention was made to the investigation being conducted by the New York Evening Post as to the sentiments of a thousand persons selected from the book, "Who's Who in America," on the subject of tariff revision. The first answers received were strongly favorable to a revision of the tariff. Since then a large additional number have been published. Up to date 99 answers have been published, 60 of which were from Republicans and two from Independents who voted for Roosevelt, the rest being Democrats, Populists, Prohibitionists and Socialists. No less than 88 of the whole 99 favor a revision of the tariff. This showing indicates that the thinking men in the Republican, as well as in the other parties, see the need of a reduction of the present tariff in many schedules.

It is to be hoped that the Platt-Dewey and Odell-Black fight over the New York United States senatorship will be fought to a finish. There will be little sympathy with either Platt or Odell, as both have made unenviable political records. But if the break between them becomes as serious as it now promises to be an opportunity may be afforded for better men to get control of affairs in New York.

## TURKEY SHOOTING

Enjoyed by Gun Club Members Thursday—Winners of the Morning Events.

The turkey shoot given under the auspices of the Licking Gun club, began on Thursday morning at 9:30 at the grounds near Idlewild Park, four events being shot off, and four turkeys awarded.

There were five shots allowed each man, the ties being shot off "miss and out."

Lon Fisher won the first two turkeys, J. Taylor the third and Sam Burrell the fourth.

At 1:30 the shooting stopped to allow the contestants time for lunch and at 1 o'clock was resumed. The feature in the afternoon is announced as a match between Gross and Taylor on the one side and Burrell and Fisher on the other, 25 birds for each man. Mr. Gross is a representative of the Peters Cartridge company.

## SOLICITOR P. B. SMYTHE

(Continued from page 1.)  
It impossible for the city to build a plant, in which event the city would have been absolutely at the mercy of the water company, and would never have owned a plant of its own, either by purchase or by building another, for the reason that the water company being in command of the situation would have forced the city into another contract for fire protection.

The city officials did not propose to be caught in this trap, and the solicitor commenced suit himself. As to the suit itself, the reasons given why the sale should be enjoined were simply absurd. First, it was said that the sale would not have been advertised 30 days before the 15th of December. The first publication was on the 15th of November. That would be 16 publications in November, and 11 publications in December would equal 27, before the 15th of December. The next reason given was that in the notice of sale the figure "1" in the number of the section of the statutes referred to did not appear in some of the later publications of the notice in one newspaper. Of course, this was merely a typographical error. But it made no difference anyway, for the reason that, in the first place, the law does not require that the statutes or date of ordinance should be referred to in the notice, and second, the law only requires one publication 30 days prior to the sale, and that one publication was all right.

On Saturday following the date fixed for sale, the city received a proposition to sell the bonds at private sale. This, the city had a perfect legal right to do, as will be seen from the law here quoted:

Sec. 97 of the Code provides. "Municipal bonds shall be sold in the manner herein provided. They shall first be offered to the Sinking Fund Trustees. All sales other than to the Sinking Fund Trustees shall be to the highest and best bidder after 30 days' notice in two newspapers; provided, whenever any such bonds have been once so advertised and offered for public sale, and remain unsold, then such bonds may be sold at private sale at not less than their par value, under the direction of the Mayor and the officers and agents of the corporation, by whom said bonds have been, or shall be, prepared, advertised and offered at public sale."

The necessity for quick action was perfectly apparent to the city officials. Their effort to sell the bonds at public sale had been blocked by injunction. A few weeks since Mr. Chapin, the man above referred to, in an interview in the American Tribune, made the statement, while in the employ of the Newark Water company, that the water company would never permit the selling of these bonds or the city to erect a municipal plant.

We knew that if any proposition of private sale became generally known, it would be enjoined just as had been the public sale. The proposition offered was the best that this city ever received, at any time of its history. A few months since the city sold an issue of \$58,157 worth of bonds, which averaged fourteen years, nine months, at 5 per cent. They sold at \$107.38, or on a basis of 4.313 per cent, which made a premium of \$490. This sale was made after the fullest and most complete competition possible. The highest sealed bid received at this sale was for a premium of \$3800. All bids were rejected and the bond men bid for them orally.

The records of the city show that up to this time this sale was the best the city ever made. In comparison with this sale it will be seen that the offer made to purchase the Water Works bonds was the best this city ever received for any bonds it ever sold. This issue is for \$300,000, averaging 19 years and eight months, at 4.12 per cent. They sold at \$103.83, making a premium of \$10,150, which is on a basis of 4.24 per cent. If the Water Works bonds had sold on the same basis as the other issue referred to the premium would have been \$7530, instead of the \$10,150 actually received.

Accordingly a meeting of the finance committee, mayor and auditor was called, and every one notified of it. They met, all present but Mr. Miller, who was said to have been in New York, and accepted the bid and made the sale. There was no secrecy about it. Every man was notified who the law required should be notified, but we didn't go to the water company or its agents and tell them, and we didn't do so for the very good reason that we knew this sale would be enjoined by Mr. "Tax Payer" just as quickly as was the public sale.

Outside of the finance committee the members of Council were not notified because the law does not require that they should be notified. They had nothing to do with the sale; and because we knew that if certain members were notified we might just as well go to the water company and tell our plans, and we knew that would result in another injunction.

It will be an easy matter for interested people to say now that they would have given more for the bonds; such talk doesn't cost anything now, and isn't backed up with a certified check or forfeits. We expect such talk, but we know we made the best sale of bonds ever made by this city, and believe that we did just what the people wanted done. Of course the

SCOTT & BOWNE, 409 Pearl Street, New York.

water company and its agents are "sore," they have been blown up with their own powder and don't like it, but just the same this city will have city ownership of water works, and the graft of the present company will stop.

The statement in Tuesday night's Advocate that local parties, "a Newark bank," had offered twice the premium received, purporting to be the statement of Flory & Flory, is an absolute falsehood. No offer was made by a Newark bank until yesterday, after the sale, and when they knew it could not be accepted, and was made, of course, for the sole purpose of fomenting adverse public opinion. If a Newark bank or any other bank, or firm of bond buyers had desired to bid for the bonds, they could have done so. Everybody had the same chance as did the two firms who did bid, and the only bid received was from the parties to whom the sale was made.

The statement that a certified entry of the dissolution of the injunction was carried to Cleveland and used to influence the decision of the attorneys there consulted is also false. The injunction had nothing to do with the sale, did not affect it in any way, and was not dissolved for the purpose of making the private sale. The command of that injunction was not disobeyed.

City Solicitor.

## RAILWAY RUMBLES

ADMINISTRATION IS DRAFTING THE FREIGHT BILL.

It Seeks Regulation of Rates—A Big Engine Goes Through Newark. Railway Notes.

Washington, Dec. 22.—Representative Henry of Connecticut, introduced a bill "to secure the full use of the United States rural mail equipment and to place the rural service on a paying basis." The bill provides "that within the limits of the respective rural routes, served by post wagons, parcels of mail matter shall be collected and delivered house to house by the carriers, in weight up to 200 pounds, and in dimensions up to a barrel, no parcel, however, to be more than six feet in length." The bill specifies that the rates on parcels shall be one cent for eight ounces or less; two cents for a pound; five cents for from one to 11 pounds; 10 cents for a half bushel, 30 pounds; 15 cents for a bushel; 20 cents for a half barrel, and 25 cents for a barrel.

The president discussed with callers proposed legislation regarding the question of railroad freight rebates and the question of empowering the interstate commerce commission with authority to adjust freight rates where found to be excessive. Among those who talked with the president were Secretary Morton and E. P. Bacon, chairman of the executive committee of the interstate commerce commission. The president is anxious that legislation in the interest of shippers be enacted at the earliest practicable date and the matter was considered by him with many of his recent callers. It was stated by one of the president's callers that Attorney General Moody now was engaged in the preparation of a bill which, substantially, would embody the views of the administration on the question and the measures would be presented to congress probably soon after the holiday recess.

Senator Heyburn of Idaho, had an extended talk with the president on the subject of federal charters for corporations doing an interstate commerce business. The senator indicated his intention to introduce in the senate after the holiday recess a measure providing for the incorporation under United States laws of all corporations doing an interstate business. The bill, as proposed by Senator Heyburn, will provide that corporations now in existence must take out federal charters and that such corporations as may be organized thereafter also shall incorporate under federal laws.

**May Adopt Phones.**  
Another step toward the adoption of telephones as an aid in handling trains has just been taken by the B. & O. railroad, the committee appointed by General Manager C. S. Sims having completed the formulation of a set of rules for moving trains by this means. The rules will be submitted to the executive officials of the B. & O., and if approved will be applied in practice.

**New Engine for Mountain Use.**  
A new type of engine to be used in hauling passenger trains over the Allegheny mountains west of Altoona is now being constructed at the Altoona shops of the Pennsylvania railroad. It is the most powerful engine the company has ever constructed. It is expected that it will be sent out on its first trip about January 1. The Pacific, as it is named, is larger than the class E3a. It is expected to do more and better work and to draw the heavy trains, without assistance, over the steep grade. It will have three eight-foot drivers and will carry a trailer. The balance of the construction will be carried out upon the usual lines adopted by the railroad in the construction of its heavier engines. If the trial proves successful other engines of the same class will be started at once and enough will be constructed to handle all the heavy passenger trains on their trips across the mountains.

**Pan Handle Statement.**  
The following is a statement of the earnings of the Pan Handle for the month of November and the eleven months ending November 30:

## To be Known as Guards.

The title of brakeman on passenger trains may soon become extinct on the Pennsylvania lines. At a meeting of the passenger representatives of the road last week it was decided by a unanimous vote that they did not like the old title and asked the transportation department to apply the title of "guard" to the man who now wears the title of brakeman. The brakeman on a passenger train is a brakeman in name only. He is only there as a guard, and nothing more. He never touches a brake and the old title is really a misnomer, although it was once properly used.

## CALLED TOO EARLY

But B. & O. Machinist Didn't Know It Till He Was Starting to Work. Then He Overslept.

The boys at the B. & O. shops are telling a good story on Frank Turner, the popular machinist, and he acknowledges it is true.

"Bones" as he is popularly known among his shop mates, retired a night or two ago at about the usual time, but he did not get up as was his wont the next morning. Frank usually depends upon his mother to waken him in the morning, but on this particular occasion she was not feeling well and the task was imposed on a younger sister. The latter, realizing her responsibility, got up, went down stairs, started preparations for breakfast and then called her brother. "Bones" got up, ate his breakfast, his lunch bucket was packed, he put on his overcoat and started for the shops. Before starting he went to another room and looked at a clock there to see how much time he had, and found that it was just 2:30 a.m.

He went back to bed and then overslept and did not get to work until 9 o'clock that morning.

## REJECTED SUITOR

Kills a Widow and a Constable, Then Shoots Himself, But is Still Living.

LOCKPORT, N. Y., Dec. 22.—Fred Jones of Charlotteville, shot and killed Constable William C. Gray and Mrs. Abbie Goodrich, a widow. He then turned the revolver upon himself and fired a bullet into his brain. He is still alive, but surgeons say he cannot recover. Jones was a rejected suitor for Mrs. Goodrich's hand. He is 28 years old and Mrs. Goodrich 54. So persistent had Jones become that Mrs. Goodrich went before a justice of the peace and made a complaint, claiming that Jones had threatened to kill her and set her buildings on fire if she would not marry him. A warrant was issued and given to Constable Gray to serve. Jones asked that Mrs. Goodrich be sent for in order that he might adjust matters and avoid being arrested. When Jones heard the woman's voice he drew a revolver and shot Gray, killing him instantly. He then shot Mrs. Goodrich in the leg, causing her to fall to the floor. Advancing close to her he put another bullet into her head. He then shot himself in the head. Mrs. Goodrich died an hour later.

## AMUSEMENTS

The monarch of repertoire, Charles Lamb's Murray Comedy company, with Miss Clara Hazel, is due in the city soon. The organization is stronger than ever and consists of eighteen people and will surely create a furor among our theatregoers. It is a popular-priced company par excellence, and the specialties, of which there are a great number, are of a high order. The company will appear here for a week commencing Monday, December 26. The opening bill, "A Kentucky Girl," is a comedy drama pure and sparkling, and fairly bristles with startling climaxes and laughing comedy. The enviable reputation the company has gained throughout the country will be more than sustained this season. Better plays have never been presented at popular prices, and crowded houses will surely greet the advent of the great Murray Comedy company. Matinee Monday afternoon.

## Revolution imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. ## AWFUL EXPERIENCE

Of a Shipwrecked Crew—Eight Days and Nights of Ceaseless Labor.

New York, Dec. 22.—A story of eight days and nights of ceaseless labor under the most disheartening conditions, with death constantly staring them in the face, was told by the ten shipwrecked sailors of the crew of the Portland, Me., schooner Clara Goodwin, who were brought here on the schooner Martha Wallace. The men were taken from the sinking Goodwin off Cape Henry last Friday. They were in a terribly exhausted condition. The Clara Goodwin sailed from Tampa, Fla., on Dec. 1 bound for Philadelphia. On Dec. 8, while between Capes Hatteras and Lookout the schooner ran into a northeast hurricane which continued for many hours, and before it had spent its force the schooner had sprung a leak. Then followed more than a week of unremitting toil at the pumps, the conditions growing more unbearable every day and hope had almost been abandoned when the Wallace observed the signal of distress.

The number of hogs butchered in Denmark in 1903 was 1,400,000, and 164,250,000 pounds of pork were exported. This is an increase of 23,240,000 pounds over the exportation of the preceding year.

## CITY RAILROAD

Defrauded of Thousands Dollars a Day by Fraudulent Transfer Scheme It is Alleged.

New York, December 22.—The New York City Railroad company loses \$1,000 a day through an illegal system of transfer, according to a statement made by the company's chief inspector, in a police court. The inspector appeared as the complainant against four men who had been arrested charged with using transfers which they had solicited from persons in the street. The men pleaded ignorance of the transfer law, but each were held in \$100 bail for trial. In presenting the case to the court the inspector said he had unearthed a system in a big department of the company, where the employees by exchanging and repurchasing transfers were defrauding the company of not less than \$1,000 a day. He said also that hundreds of clerks in a large department store were riding to and from their work each day by the payment of a single fare by repurchasing and changing the time on transfers.

### HAS NO LICENSE

But Dr. Harrington Will Ask State Board for One at Once—Hearing Next Tuesday.

Coshocton, Dec. 22.—Dr. Charles Harrington, formerly of Newark, will be given a hearing next Tuesday on the charge of practicing dentistry without a license or diploma. The young man has been doing a thriving business here.

His father, Dr. W. W. Harrington, who lives in Newark, is an invalid and depends upon his son, and he also has a young wife, to whom he was recently married. He pleaded not guilty to the mayor at the preliminary hearing.

Secretary Brown of the board of examiners said that he had never found a case which appealed to his sympathies so much as Dr. Harrington's but his duty was plain to him and he followed it. He is inclined to be lenient.

Dr. Harrington states that it is a fact that he has neither license nor diploma, but that he has practiced dentistry for thirteen years—his father and grandfather before him were dentists in Licking county. He says he has practiced continuously in the state except when in the army in the Philippines and then pursued his profession in the camp hospitals.

"I intend to ask the state board at once for a certificate, for, although I spent some of the time out of the state in the service of Uncle Sam, yet I feel that I am entitled to the necessary papers to permit me to carry on my business."

"The owner of the Union Paintless Parlor is Dr. Monfort, a wealthy and prominent dentist of Steubenville who owns a series of offices over the state. I have simply been in charge. I talked with Dr. Monfort over the telephone and he will stand right by me. Our offices will not close although I shall not practice until I have settled my difficulties with the state board. Dr. Monfort is coming at once with another dentist who will be free from any minor technicalities and the work will go right ahead. In fact we are going to carry the war into Africa and will stir up the dental prices here in a way that has never been done before. It is likely that three new chairs will be established at once."

While "Squire Took a Bath. Painesville, O., Dec. 22.—When Prosecutor R. F. Blakeley went to the office of Justice E. G. Hnatington yesterday afternoon to swear to an affidavit the justice was out. He found him later at a barber shop taking a bath. He was admitted to the bath room and while the justice sat in the water the prosecutor took the oath.

Rich Farmer Robbed. Piqua, O., Dec. 22.—W. Burbon Garbery, a wealthy farmer of Miami county, was robbed today of \$2,600 in the Piqua Savings bank. He laid his pocket-book containing the money on a counter, was called to one side for a moment and forgot the pocket-book.

Ohio Troops at Inauguration. Columbus, Dec. 22.—It is announced today that Governor Herrick and military staff and the Eighth regiment, battalion of engineers and a troop will attend the inauguration of President Roosevelt.

A Mysterious Case. Springfield, O., Dec. 22.—Rev. W. C. Kendall of Chicago, who claims he came here to preach in a church at New Carlisle, was taken from the Arcade hotel to a hospital last night. Dr. Saiman says he is suffering from an attack of ptomaine poisoning. The police claim differently. Kendall claims he lost a diamond ring valued at \$300. The ring was found in a pawn shop, and George Harris, colored, is under arrest, charged with stealing it. Kendall had about \$5,000 worth of diamonds with him.

### THERE IS A SANTA CLAUS

Editor Dana of New York Sun Answered Query of Little Girl—This Is What He Said.

Some years before his death, Charles A. Dana, the famous New York Sun editor, published the following letter and his answer to it, says the Columbus Citizen:

Dear Editor—I am eight years old. Some of my little friends say there is no Santa Claus. Papa says: "If you see it in the Sun, it's so." Please tell me the truth: is there a Santa Claus? VIRGINIA O'HANLON.

115 W. Ninety-fifth street. Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance, to make tolerable this existence. We should have no enjoyment except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

Not believe in Santa Claus? You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas eve to catch Santa Claus; but even if they did not see Santa Claus coming down what would that prove? Not everybody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not; but that's no proof that they are not there. Nobody can conceive or imagine all the wonders that are unseen and unseeable in the world.

You may tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernatural beauty and glory beyond. It is all real. Ah, Virginia, in all this world there is nothing else real and abiding.

No Santa Claus! Thank God! He lives and he lives forever. A thousand times from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood.

A Costly Mistake. Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for dyspepsia, dizziness, headache, liver or bowel troubles. They are gentle yet thorough. 25c at Hall's drug store.

### MORRIS PATENTS

Negotiations Are on For Sale or Lease of Same—Morris and Stinger in Detroit.

Mr. Samuel Morris who has valuable patents on a new steel car coupler, for the manufacture of which it is the intention to build a big plant on the Shide property recently purchased by Major Moses Neil of Columbus, it is learned, is negotiating for the sale or lease of his patent rights, and has several offers of large sums of money for them, which he now has under consideration.

Mr. Morris and Secretary J. E. Stinger were in Detroit Wednesday on business connected with the Licking Mining company.

### IN HIGH SCHOOL

United States Congress Has Been Organized—Will Debate on National Questions.

The faculty of the Newark High school has devised a new plan for the literary training and development of the minds of the pupils of the eleventh and twelfth grades. The teachers have with the pupils been organized into two bodies, representing as near as possible the United States congress, the senate being composed of the senior pupils, while the juniors perform the duties of the House of Representatives, the meetings of these two bodies being called to order at 2:30 o'clock every Friday afternoon, thus occupying one of the regular recitation periods of the recitations of which are for that day dropped.

On December 3 the bodies were organized and the officers elected, Clarence R. Jones being elected president of the Senate while Grover Hart was chosen speaker of the House. The next meeting held on December 10 was mainly occupied by the appointment of committees. The various committees reported at the meeting held on December 17. The next meeting, December 24, will likely be the beginning of a series of debates which will be very interesting as well as instructive. The subjects of these debates will be the same as those discussed in the United States Congress.

### UNION CENTER.

The elements here seem to be at war with each other. Nothing is going but wind and snow, and that at lightning speed. Never before has such a time been experienced. In some

places the snow is drifted to a depth of from 5 to 8 feet and travel on the roads is almost impossible. Tuesday George Drum and Henry Schaad, who had been to Granville, were coming home and nearly floundered in the big snow drifts. How George escaped he doesn't know. The U. S. Mail carrier was also delayed quite a while until a big wagon pulled through ahead of him and made a road. The snow began to fall Sunday evening and fell all Monday forenoon. Tuesday morning the wind commenced to blow and to fill all the depressions in the road as well as leaving large mounds on some of the high places. The cry of our people is "Rain instead of snow."

Mr. and Mrs. Thomas Bowen entertained quite a number of their friends with a dance last Friday evening. Those who were present were Misses Florence and Blanche Legg, Zola Egg of Outville, May and Nell Edwards of York street, Blanche Williams of Ash, Mary James and Miss Panon of Granville, Margaret Evans and Chlo Schaad of this place; Messrs. Lillian Willoughby, B. Pryor, Kent, Alvin Cunningham, and Archie Baird of Outville, James Edwards of York street, William Williams of Ash, E. O. Mentzer and Thomas Woolard of Hebron, Ralph and Charlie Panon of Granville, Harry and Roy Fickle of here. Dancing and games were the order of the evening.

Miss Ola Anderson of Jersey spent Friday and Saturday with her friend Margaret B. Evans, of this place.

Mr. C. M. Bowby is suffering with a severe sore throat, but is able to be around.

Mr. and Mrs. R. H. Evans and daughter, Margaret, spent Monday with Mr. and Mrs. Henry Montgomery of Pataskala.

Messrs. H. L. Fickle and J. W. Tharp spent Saturday in Columbus. Mrs. C. A. Wintermute spent a few days of last week with friends in Newark.

Mr. D. B. Fickle will entertain Saturday in honor of Mr. Pigg.

Mr. D. B. Fickle spent Wednesday with friends in Hebron.

Protracted meeting is still in progress at Harrison Chapel. Quite an interest is manifested among the workers.

Gorden Williams of Newark, spent Sunday with his parents.

Miss Chloie Schaad is spending a few days with Luther Woolard and family.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

### HARVARD STUDENT

Who Plays on Football Team Comes Into Possession of Three Million Dollars.

Cambridge, Mass., Dec. 22.—While the Harvard football eleven was getting ready for its game with Yale last November, there was a man on the squad whose play, although unfinished, was steady and whose persistence finally gained him a place at guard.

This was Frederick Hall White, '03, who played on Harvard's freshman team two years ago, and who had returned to the university after an absence of a year.

Yesterday White attained his majority and with his 21st birthday has come a fortune of \$3,000,000, inherited from his mother, and of which he now assumes the control and management after several years of the financial guardianship of his father.

White will say nothing concerning his fortune, but was ready and willing to talk football, and so was his father, who followed the boy's football career closely last year and was one of the heartiest rooters that followed the crimson eleven everywhere during the entire fall.

White first came into prominence two years ago, when he was lost in the Maine woods and was brought back into civilization again only after a diligent search. And this was well, for Harvard gained a football player, who, although he was not at his best last year, doubtless will be a power in the fall.

### HORRIBLE

It is horrible to think of the PAIN and suffering which so many people endure, all because they don't know of, or fail to try, HALL'S WIZARD OIL.

Suffering and pain wears out the brain and nervous system, and soon wrecks your physical and mental powers.

No need to suffer if you will only use this great modern cure for pain, absolutely safe, soothing, curative and healing. Used internally or externally, it goes like lightning to the seat of trouble, and, by allaying the inflammation, it drives out the real cause of

all painful sickness and quickly makes you perfectly well. Price 50 cents and \$1.00. Fully guaranteed.

For sale and recommended by WILES-ERMAN DRUG CO.

### HIS CONSCIENCE

Troubled Him So Newark Man Sent Five Cents Fare to Railway Office.

In the mail received at the office of General Manager J. R. Harrigan of the Interurban street car lines Thursday morning was the following letter, written by a Newark man whose name is withheld:

"Dear Sir—Some time ago I stole a ride from Union street to the public square and since that time have given my heart to Jesus and He has shown me that I have to make restitution, so as I have been making things right, I feel that peace of mind tells me that I have to enclose this fare, five cents."

Mr. Harrigan promptly answered the letter and thanked the writer. He also congratulated him for his honorable course and ended by expressing the hope that his Christmas will be a merry one.

### The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well-fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

### MRS. SUSAN M. TAYLOR.

Susan M. Stone was born near Newark on July 6, 1827, and was married to the late Justus W. Taylor on Nov. 20, 1848, and died at her home, 195 West Main street, Newark, on Tuesday evening, about 4 o'clock, aged about 77 years. She is survived by two children Horace S. Taylor of Fredericksburg, O., and Mrs. Lulu W. Nicholas of 195 West Main street. Two children died in infancy, and she was bereft of her husband on April 17, 1891. She had always resided in Licking county. Burial took place at Homer.

Howard Gale, the former law partner of General Benjamin Harrison, is dead in Indianapolis. He was the first to notify the General of his nomination to the Presidency.

### TEAM DRIVERS

Elected Officers for the Ensuing Year at a Meeting Held on Wednesday Evening.

The local team drivers' union elected the following officers Wednesday evening. President, Ed Blanchester; vice president, Lou Carter; secretary-treasurer, Adam Weiss; recording secretary, Louis Beckman; conductor, Peter Meyers, warden, Al Neighbor; trustees, George Hardway, "Pony" Hissong and Wm. Broadhead.

### Fight Will be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say. "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Hall's drug store. Price 50c and \$1.00. Trial bottles free.

### PIGEON'S LONG FLIGHT

From California to New York to Find Old Home.

Utica, N. Y., Dec. 22.—An exhausted carrier pigeon, which had on its leg a tag inscribed "A. O. H. 396," has been found at Dolgeville, Herkimer county. Adolph O. Horn, a pigeon fancier, lived in Dolgeville until a year ago, when he went to the New Dolgeville in Southern California, taking his pigeons with him. It is supposed that the bird is one of his flock, which returned to its old home. Such a flight, is, however unparalleled.

### Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

The practice will begin at 7:15.

The worship at St. Paul's Lutheran  
church will begin one hour earlier on  
Christmas morning than usual. The  
Bible schools and congregation will  
worship together at 9:30 instead of at  
10:30 o'clock.

## BY TIDAL WAVE

Ocean Greyhound is Struck During a  
Stormy Passage of the  
Atlantic.

New York, Dec. 22.—After a stormy  
voyage during which it was struck by a  
tidal wave, the Red Star Line steam-  
ship Kronland arrived here from  
Antwerp. The voyage was the worst  
the vessel has ever experienced.  
There was nothing but bad weather  
from the time she left Antwerp on the  
10th, until she was almost in port.  
On the second day out a stewardess  
went insane. On the morning of the  
12th, while the vessel was making fair  
time in a strong northwest gale, she  
was struck by a tidal wave which  
brought her to a standstill and sent  
tons of water tumbling over her  
decks. Two persons were severely  
injured.

## HE PLEADED GUILTY

John Weakley Fined Five Dollars and  
Sent to Jail for Stealing  
Onions.

John Weakley, who was arrested for  
hurling straw brooms  
and stealing two bushels of onions  
pleaded guilty to petit larceny and  
was fined \$5 and costs and sentenced  
to 30 days in the county jail, by May  
or Crilly.

Two drunks appeared before Mayor  
Crilly this morning, this being all the  
business in police court.

## Christmas Music at the High School

In the district about Crilly, Eng-  
land, 20 women work as blacksmiths  
to every man following the trade. For  
many generations this work has been  
almost entirely in feminine hands.

## A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair,  
No Matter What Color.

The finest contour of a female face, the  
sweetest smile of a female mouth, loses  
something if the hair is crowned with  
scant hair. Scant and falling hair, it is  
now known, is caused by a parasite that  
burrows into the scalp to the root of the  
hair, where it saps the vitality. The lit-  
tle white scales the germ throws up in  
burrowing are called dandruff. To cure  
dandruff permanently, then, and to stop  
falling hair, that germ must be killed.  
Newbro's Herpicide, an entirely new re-  
sult of the chemical laboratory, destroys  
the dandruff germ, and, of course, stops  
the falling hair, and prevents baldness.  
Sold by leading druggists. Send 10c. in  
stamps for sample to The Herpicide Co.,  
Detroit, Mich.

# NEW MONEY FOR XMAS

If you intend to give money to anyone for a Christmas gift, call at  
our banking house in the Doty House block, and we will furnish you with  
NICE NEW CRISP BILLS OR GOLD. Looks much better for a gift than  
old money. But why not start a bank account for someone—it is much  
better than giving money. The custom of giving savings bank books as  
Christmas presents has started many people in the habit of saving mon-  
ey. You can start a bank account in anyone's name, with us, for any sum  
from \$1 up. These accounts draw interest at the rate of 4 per cent, com-  
pounded semi-annually.
